Explanation of Logo

World Map: The movement is spread all over the world. It is meant to transform the world. The students plant their feet deep into the ground. The letters **YCS/YSM** gives the shape of the students, in their hands we see the burning lights, they see light in them and give the world that light through the rays.

The cross indicates the horizontal and vertical dimensions of the movement, relating with God and transforming the lives of people. It's a redeeming symbol. It can also be taken as the Christian origin of the movement and that Christ is for all. The Indian flag indicates that we work for the national integration. If we go deeper we can also see the meaning of Review of Life (Awareness-Reflection-Action) towards a just society. We can also see symbols of other faiths indicating that irrespective of Faith professed, all the students are the members of **YCS/YSM**.

Chairman's Message

My dear YCS/YSM friends,

Greetings of peace!

The world is changing faster than at any time in human history. Technology becomes obsolete every second day because of new inventions. Everything becomes outdated so fast. Our styles, fashion, dress, habits, thinking – everything!

This change is good provided we use it wisely. But it is creating a feeling of insecurity. There is fear and anxiety. In the last millennium, till the invention of World Wide Web (www), internet, mobile, chips etc. growth/change was very slow. It did not affect our lives because there was time to adapt to these changes. Today in a rapidly changing world there is hardly any time to update and the fear is; if you are not updated you are left far behind or you become irrelevant.

YCS/YSM is a platform where students and animators come together to face these challenges and find a solution on their own. Today, we need more time to reflect and act. The YCS/YSM methodology of SEE-JUDGE-ACT come handy. In every situation of our life we apply this methodology life is going to be very meaningful.

“An unexamined life is not worth living” said the famous philosopher Socrates (quoting Plato). We need to review our life everyday and bring change in our life when needed. Thus work for a just society.

I am happy that the National Office is publishing the third edition of this resource book which will help many animators to understand the movement. May the YCS/YSM Movement inspire all our students to live a meaningful life. Let us be that change we desire to usher in!

Invoking God's blessings on each one of you,

+ **Franco Mulakkal**

Chairman – National Youth Commission

Director's Message

YCS/YSM India has completed fifty years in the service of the student community and I feel proud that we are serving this community at this point of time.

When we celebrate fifty years of our existence in India, I am grateful to all those who worked tirelessly to help this movement grow. I know there are many YCS/YSMers who have learned great things from this movement and made their lives meaningful. There are many who are living the methodology of YCS/YSM and are successful today.

During the Golden Jubilee celebration in the month of January 2016, we published a booklet on testimonies of our students. There were about fifty testimonies. When I read those I was convinced that this movement is here to change the lives of people. There are students who are role models today. They are inspiring many other students to live their life meaningfully.

We are now preparing for the XVIII National Council which will be held in Goa in 2019. The theme chosen is : 'Students for youthful life'. I am confident that in the coming days we are going to discuss more on the theme and help students and make their lives joyful.

I thank all the former Chaplains and Animators who have contributed immensely to the growth of this movement and also all the Bishops/ chairmen who have guided and supported this movement.

We are placing the third edition of the resource book in your hands. This contains a few amendments made during the last Council and a few additions. Hope this helps you to animate young students better. Kindly give your valuable suggestions to bring out a better edition next time.

May this movement grow further and reach out to all students all over India to build a society where justice, peace, truth and love prevails.

THE YCS/YSM PRAYER

Heavenly Father, in your entire wisdom and love, you created us and chose us to be the members of YCS/YSM. You have blessed us Indians with multiple languages, religions and cultures. Give us the wisdom to appreciate this diversity. Through the Review of life, YCS/YSM teaches us to avoid selfishness, discrimination, hate and urges us to live in a “**we spirit**” which builds cooperation, collaboration and solidarity. Grant us the strength to work for true justice and freedom and to be of service to others, thus building a “better society” where all people live with dignity befitting your children. Amen

.....

YCS/YSM CREED

All human beings have been created in the image and likeness of God, equal in dignity. When this dignity is trampled upon, it is an offence to the creator. All people are responsible in enhancing and protecting the dignity.

YCS/YSM as a movement of the students, by the students and for the students, is a space to exercise this mission. In this process, they are accompanied by Chaplains and Animators. YCS/YSM is an action oriented movement, liberative in nature and aims to remove structures and systems that do not respect human dignity. Motivated by our prophetic spirituality and with the Review of life (See, Judge and Act/ Awareness, Reflection and Action) as our way of life, students are transformed and empowered to go beyond self in solidarity with the struggles of the weak and marginalized. Through inter personal relationship with the whole of humanity and with the love at the heart of every action, the YCS/YSM enables human persons to become a family, a community after the heart of the creator whose compassion, care and justice are its pulse. An alternative community is within our reach when we put our faith in human goodness, which is inspired by God.

PLEDGE AS A MEMBER OF YCS/YSM

I believe in a living and loving God who is present and active in every event of my life. I am created in the image and likeness of God so also every human person. I promise to respect all the members of the Movement and work for the equality in the Movement. I promise to respect my parents, elders and animators, ready to take their guidance and work with them.

I promise to accept the aims and objectives of my Movement and always strive to achieve those values of equality, love, justice and peace propagated by the movement. I accept the spirituality of the Movement, as one of God experience, restoration of human dignity, respect and dialogue with other religions and spirituality of action.

I accept the Review of life, Methodology of the Movement and try to practice it as a process of growth for me in finding my role in the society. I accept the idea of leadership through service and do my best in search and struggle to achieve our Goal “A Better Society”.

I promise to do my best to contribute my reflection and service for the growth of the Movement which I accept, will shape my life and responsibility in the society.

I promise to accept the welfare of the Movement and my neighbor as the prime concern and do not indulge in partiality or anything that goes against the ideals of the Movement.

I promise to do everything possible to ensure national integration, harmonious living, environmental protection and dignity to every human being.

I will not discriminate people, the spark of the divine, on the basis of caste, creed, language, religion and gender socio economic backgrounds. I will not give or take bribe or indulge in mal practices of any sort. I will be the voice of the voiceless.

I will join hands with people and Movements who promote Human Rights and Dignity, justice, peace and equality. I promise to be sincere, truthful, honest, open, frank, hardworking, committed and dedicated.

I take this pledge fully knowing my responsibility; asking strength from God and loving Father, and requesting the support and encouragement of my animators and companions. I offer this option and pledge in solidarity with all the members and animators in the Movement for the cause of “A Better Society”.

5 RULES TO THE MEMBERS OF YCS/YSM

1. ***Pray daily for Peace*** – to be an agent of peace and reconciliation. A sincere prayer to cultivate inner attitude of forgiveness and reconciliation which desires for the welfare of all especially one who has damaged one's reputation, resulting in peace within oneself and promote peace in your neighbourhood, country and world.
2. ***Skip a meal once a week*** – to express solidarity with the hungry and contribute the savings to those in need. It helps you grow in sensitivity to the plight of millions who are deprived of the necessities of life. Skipping meal means sacrificing something very dear to you like ice-cream, snacks, saving pocket money etc, with which you help others which in turn helps you to enliven your spirit and attitude of helping.
3. ***Do a good deed a day*** – without a selfish motive, to develop concern for the nation. Nation building is a responsibility of not just ministers and social workers but everyone. Through this we help strangers on the streets and needy people.
4. ***Honour Parents, Teachers and Human beings*** – They are considered God visible in our midst. Respecting teachers and parents is common. But do we consider honouring the maid servant/helper, the peon, weak and all those who are in the lower strata of the society? Respect is a token of good gesture but honour comes from the heart as a result of genuine spirituality. Hence honour all especially the poor and weak.
5. ***Respect the Mother earth and save its resources*** – This expresses saving its resources like water, electricity, trees etc. Maintain cleanliness in your surroundings like railway tracks, public toilets, not throwing plastic items, etc. This makes you sensitive towards environment and as a part of self-discipline.

“Whatever the mind of man can conceive and believe, it can achieve.”

–Napoleon Hill

WHAT IS YCS/YSM

It is a student movement where students gather together in small groups of 8-10 to share their interests, problems, experiences, anxieties etc and find a solution of their own through the YCS methodology of See, Judge and Act, i.e. Awareness, Reflection, Action and Evaluation.

- It is not a leadership training movement.
- It is not a talent/skills finding movement.
- It is not a movement of activities at all.
- It is not taking up popular social work.
- It is not a group of cleanliness and maintenance.

Instead,

- It is a growth oriented movement.
- It is a gathering of experiences of evaluation.
- It is a life oriented movement.
- It is purely cell based movement.

HISTORY OF THE MOVEMENT

YCS has its' roots in YCW which was founded by Cardinal Joseph Cardijn in 1920's in Belgium after the 1st world war. YCS is an offshoot of YCW movement dates back to 1929 in Belgium.

Cardinal Joseph Cardijn inspired this movement.

- Born in Belgium on 13 Nov.1882
- His father had a small coal merchant's business. As a small boy he was helping his father. His hobbies were talking to beggars, cobblers, sailors, bakers etc in the village square. He used to help them in their work. His mother used to give him money saying "Have money – you will meet beggars- give or spend. Choice is yours".
- He was Sensitive to every type of human suffering. But one group got his attention. They were factory workers. He heard their cry. He used to peep and see them working from his home. Workers were going with their children to work. He used to wonder where the little ones were going - places they do not belong to! So as young he had a deep concern for people, a great sense of justice - qualities which YCS greatly values.
- After his school studies his parents thought of taking him a job in the factory with the other working class boys. But he had other ideas- to become a priest. He joined the seminary. After some time his father died. Seeing his father who had worked hard all his life, he swore to become a priest of the working people. While on holidays from seminary, workers saw him as a little priest who joined with other forces that oppressed. This wounded him. But he vowed '**I will give my life to saving the working classes of the world**'.
- He was ordained Priest on 22 Sept. 1906. He went around finding solutions for the workers from the trade unions, scouting etc. But was not satisfied. In 1916 during the war, he worked actively in the underground. He was arrested for speaking against German armies. During this time in prison, he set plans and directions for YCW.

- **First YCW:** First he founded a group for young women needle workers and also a group for young working boys. He said **“we are setting out to conquer the world”**. In 1924 the young trade unionists became YCW with the founder Joseph Cardijn as National Chaplain.
- **First:** He wished to create the most powerful, strongest, most united organization in which workers feel the solidarity of their interests and the invincible power of their union.
- **Second:** To enable each worker to educate his own individuality, to uplift himself morally and intellectually so that he may feel the need of more wellbeing and more justice.
- **Approach:** Changing the whole environment that surrounded young workers. His saying ***“You don’t give tonic to the fish that is suffering from the effects of polluted water, you have got to change that water.....the environment”***
- In March 1925 Pope Pius XI received the founder in Rome and gave the Movement the sanction of the Church.
- On 12th Feb.1965 Pope Paul VI consecrated him as a bishop and made him Cardinal.
- Cardijn passed away on the night of the 24th July 1967 at the age of 85.
- ***“We are still at the beginning, we are always at the beginning, we are just beginning”*** was his famous saying.

“Education is the most powerful weapon which you can use to change the world.”

–Nelson Mandela

HISTORY OF THE MOVEMENT IN INDIA

Its roots were found in India in 1950. In 1961 our first contact with YCS was with the visit of an YCS leader from Germany and an extension worker from Sri Lanka. In 1960-1962 YCS units were formed in Chennai and Bangalore through the help of Miss Betty King, an YCW extension worker from Australia. Some student groups were attempting to build up their objectives and Sr. Jeanne Devos ICM, inspired the student groups of Madras and Bangalore to communicate with each other. Thus the first study session was held at Madras on 16 Jan 1966. In 1968 some guidelines for the movement were outlined by students in Madras and presented to CBCI. On 6th December 1969 YCS was officially recognized by the CBCI as national apostolic student movement (Catholic Action Movement) with the appointment of **Sr. Jeanne as the first National Chaplain**. In 1970 YSM was recognized for the students of other faiths. On 14th August 1970, YCS/YSM was affiliated to IYCS. With the formation of CBCI Youth Commission YCS/YSM was recognized officially by CBCI in September 1981 as National Catholic Organization engaged in service of Young and Humanity.

Sr. Jeanne Devos

Miss Betty King

Present Scenario: At present, the Movement has over 2 lakh student members and more than 3000 dedicated Animators, youth workers spread out in 14 regions. The Movement has formed active and dynamic church leaders, social workers and liberators who are involved in the process of socio-economic-political-spiritual welfare of the people all over the country.

Asian Coordination: It has a long history tracing back to 1940's with the first experiences in Sri Lanka, Malaysia, Vietnam, Singapore, Laos and Cambodia. In 1960's it extended to Thailand, Burma and India. In 1977 Asian team was formed and mandated by International team. Sr. Jeanne Devos became the first Asian Chaplain. Asian office was set up at Singapore. In 1981 it moved to Hong Kong and 1995 it moved to Manila.

International coordination: The Indian Movement was accepted as member movement of IYCS in the 1970 World Council.

VISION, AIM, OBJECTIVES

VISION: To evolve a new society, where people live in harmony, where there is total freedom for the complete growth of the individual, where each and every person is respected in dignity hence valuing peace, love, truth, justice and equality.

Aim : “**Building a New Society**”- “**A just Society**” - God’s Kingdom.

Objectives: **Change self – Change others** - This means

- To enable the personal growth of students and young teenagers promoting and strengthening their faith and commitment to society.
- To enable the students to have better understanding of religion and a deep personal experience of God in their life.
- To start, organize, revitalize and strengthen the Movement at Regional, Diocesan and unit levels.
- To help the students to realize and respond to the daily life situations according to the signs of the time.
- To create awareness and enable the young to participate in the life of the society as a liberating force.
- To orient the students towards building up a Basic Human Community at all levels.
- To train the young through self-discovery, personality development, interpersonal skills, analytical and critical thinking, counselling, formation, animation and group reflection.
- To foster a good and effective leadership committed to faith and social norms.
- To enable the students to take up their responsibilities by strengthening their values, attitudes and faith.
- To make greater efforts to organise the rural and unorganized students/young and conscientize them for their integral development.
- To bring unity, peace and harmony promoting ecumenism and inter-religious dialogue.
- To foster Eco-spirituality and holistic health.
- To collaborate with other similar and likeminded Movements and organizations.
- To work in fellowship and solidarity with young people all over the world and to serve the real and concrete needs of young students.

CHARACTERISTICS:

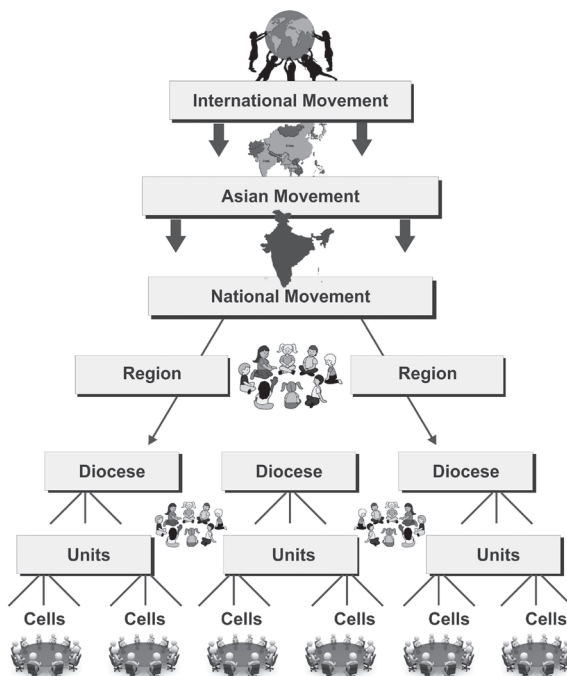

It is a movement of gathering and sharing of experiences of the members and evaluating the life situations to form an attitude towards value based pro life actions. Hence,

- **It is a Student movement** – by the students, of the students and for the students. It makes the students aware of their dynamic presence in the history, “the context” of students and respond to their particular needs.
- **It is an awareness movement** – Students become aware of the society and the situation in and around your vicinity. They become aware about who they are, how they relate to others, what inspires and conditions them, how they need and can change to grow, their historical situation in which they live, the happenings around them, mentalities and values prevalent among them and forces that are at work in their society.
- **It is a religiously inspired movement** – Students need to believe in God and Values which enable them to work for the other, environment and nature. It helps them realize their spiritual heritage and inspires them to achieve the goals of the movement.
- **It is an action oriented movement** – Members are given life orientation and clear knowledge of the hardships of life by involving oneself in the social action. The result may not be effective but the attempt itself has a formative value as the members begin to transform their own mentalities and of others who join hands with them in the action process.
- **It is a cell based movement** – Members will make their cell a family of theirs to feel, to belong and to live for one another. It creates an atmosphere where they feel accepted and respected, helps them discover their talents and weaknesses, invites them to grow in responsibilities and take up leadership roles, helps them broaden their insights, gives an opportunity to form ones personality, discovers ones value system and orientation towards concern for others, breaks through the barriers of self centeredness and divisions and creates a strong belief in the group and its members through communication and willingness to listen to others.

STRUCTURE OF THE MOVEMENT

- Cell** : Group of 8-12 having a Leader and Secretary for the Cell
- Unit** : Cells together form unit having President, Secretary, Treasurer, Reporter
- Diocese** : Units together form Diocesan team (DTA/DTS- DEXCO)
- Region** : Dioceses together form Regional team (RTA/RTS-REXCO)
- Nation** : National team (NTA/Exco-NEXCO)
- National Chaplain, Coordinator, President, Secretary, Treasurer – Working Office in Delhi, India
Registered office in Chennai, India
- Asia** : Asian team – Office in Manila, Philippines
- International**: International team – Office in Paris, France

- **Student's Movement:** The YCS/YSM is a student Movement. Students at various levels (Cell, Unit, Diocese, Region, and Nation) undertake and hold responsibility in terms of leadership and decision making in consultation with their animators.

- **National Council (NC):** NC is highest legislative body, which consists of student leaders from all the dioceses. It meets once in three years to evaluate the Movement and to evolve a theme for the coming three years. So far we have had sixteen such councils.
- **National Excos:** The National Exco consists of two or more student leaders (boy and girl) from each region. They form a link between the National, regional and diocesan bodies and help in the execution of the National plans and programmes.
- **National Team of Animators (NTA):** The NTA consists of the National Chaplain, the National Coordinator and the Regional Chaplains. The NTA & EXCO meet once in six months to evaluate, to plan and to implement the programmes at the National level.
- **National Team (NT):** The NT comprises of National Convenor/ President, Secretary, Treasurer along with National Chaplain and Coordinator. These leaders are elected democratically, from the national body of Exco. This is the administrative body of the Movement.
- **Regions (REXCO):** At present there are 14 regions in India. The Regional Team (RT) comprises of the Regional Chaplain, Coordinator, Convener, Secretary and Treasurer. There are the Regional Team of Animators (RTA) and Regional Team of Students (RTS)
- **Diocese (DEXCO):** In the Dioceses we have Diocesan Team of Animators (DTA) and Diocesan Team of Students (DTS) to discuss, to evaluate and to strengthen the Movement. Like NT and RT, here we have DT (Diocesan Team, DEXCO) as the administrative body.
- **Unit/Cell:** The cell is a number of students in a group. The number of cells in a particular institution/parish forms a unit. A cell having 10 to 12 students meets regularly under the guidance of Animator.
- **National Convention:** The National Convention is held once in three years where more participation is encouraged and the main purpose is exposure and study of present situations of reality.

WHY YCS/YSM FOR THE TEENAGERS?

Because....

This is the time of -

- Desire for Isolation, thus lose interest in their playmates and quarrel with friends;
- Disinclination to work which is not laziness but direct outgrowth resulting in resentments;
- In coordination when the growth is rapid and skills not developed during childhood;
- Boredom with play, school work, social activities and with life in general and a “I don’t Care” attitude;
- Restlessness due to inconsistency in things they do;
- Social antagonism which results in jealous and critical at home and society;
- Resistance to authority especially with parents and teachers and misbehavior with them;
- Sex antagonism expressed and disparaging comments where girls are greater offenders;
- Heightened emotionality, moodiness, tendency to burst into tears at slight provocation which is greater in boys;
- Lack of self confidence resulting in rebellion during attaining puberty;
- Pre occupation with sex life results in self manipulation of body, pornography and opposite sex;
- Excessive modesty in clothes to present physical change and self conscious;
- Day dreaming as the suffering Hero resulting in to be misunderstood and mistreated by friends, teachers and parents;
- Social adjustments making adolescents form attitudes, interests and values of urban settings;
- The culture of distinguishing between vernacular speaking and English speaking teenagers in interests, attitudes and behaviour makes them conscious about their difference;

Thus this is the time of disintegration, seeking attention, recognition, identity, time of faith formation, decision making, attitude formation, time to question religion & social taboos, about freedom & sex, understand the childhood, elders, environment, reality and to get affirmed in the reality.

They need to be organized to face the pressures of peer groups, mass media and wrong attitudes of the society and make them understand the world of true relationships. They need to be animated properly. They need role models and examples to be imitated, identified and to belong to. They need to be integrated in society to build up their identity. It is the time of social exposure and enjoyment. It is the time of psycho-physical change taking place, hence needs to be guided properly. Hence, they need YCS/YSM as a guide for their life.

CELL LIFE & METHODOLOGY

Cell meeting: YCS/YSM

is a cell based movement.

Once a week groups of 8-12 students sit in cells for 45-60 minutes avoiding class room atmosphere to share their feelings on the given situation. Topics should be student related issues which happen frequently,

that needs immediate attention and that leads to possible action plan.

How to conduct cell meeting:

- Wish everyone and recognize their presence, Start with a group technique,
- Short prayer for peace
- Welcome, Minutes of the previous meeting,
- Agenda of the meeting announced
- Cell meeting as mentioned in the Review of life is (Incident - See, Judge, Act)
- Prepare for an action plan
- Agenda for the next meeting
- Short prayer and close the meeting with YCS/YSM anthem.

Context: Be conscious about the reality around you and choose an incident which is student related, occurring often and having effect

on the lives of students which needs immediate attention. After narration of the incident let the cell leader conduct the cell meeting using the questions given below as the YCS/YSM methodology.

Review of Life: CASE STUDY

Model Case Study: Anita hails from a poor traditional family. Her parents have hardly stepped into school premises. They manage their life with daily wages working under a landlord. Anita has completed 8th std but now she does not want to go to school. Her parents want to send her for work. Her friends insist that she completes at least 10th std.

Awareness:

- What happened, where, when, why and how?
- Who are the people involved? What were the attitudes of the people involved in the incident?
- Have you experienced such incidents in your life? Do you see the same attitudes with the people? Who benefits from this situation and who loses?

Reflection:

- What are the values you find in this incident and what values would have helped the incident for better?
- What does Jesus/God/Word of God (Bible/Gita/Koran) teaches us in such situations?
- If you were involved in this incident what is your decision for personal change?

Action:

- What is your personal decision for self transformation? What change do I bring about in my attitude to build new society?
- How would I influence my cell members for a change in their attitudes?
- What will we do as a cell to bring about change in the society?

Evaluation:

- What are the positive & negative results of our action?
- What have we learnt from this action? How have we changed our attitude?
- Have we succeeded in bringing about a change in us and society? (If yes – good, If no - Why? What change should we adapt?)

Cell Life: It is a setting where educational/religious proposals become personalized; it is a place for expression and responsibility; it is a place to prepare an action plan; it is a place of commitment and an opportunity for interpersonal communications.

Types of Meetings:

1. **Review of life** – YCS/YSM is an action oriented movement. Members share their life and faith experiences, observations and discoveries and reflect upon them in the movement methodology.
2. **Planning sessions** - As an action oriented movement the activities are planned in a participatory manner.
3. **Leaders meeting** – This leads them to hold meetings at different levels and areas and get trained in leadership. They share the topics and get down to action.
4. **Fellowship meetings**

—
These meetings are important to know each other and acquaint with others to understand and build faith in others.

5. **Evaluation meetings** – This helps them to reflect their successes and failures and thus to grow and progress. After every meeting and action they are encouraged to evaluate the action especially their group life, relationships, activities etc., to set right their regularity and punctuality of meetings, following 5 path program, preparedness for any action, outcome of the action and dynamics of the participation, role of the animator and strengths and weaknesses of the group and its impact on others.

“I can’t change the direction of the wind, but I can adjust my sails to always reach my destination.”

—Jimmy Dean

Impact of the cell meeting: Besides achieving the objectives -

- Parent – child relationship increases
- Student – animator relationship becomes stronger
- Student –student relationship becomes healthier
- Their belongingness to the society (Church, institution etc) becomes meaningful.
- Attitudinal change takes place
- Positive attitude increases
- They study better
- They face the reality better
- They find meaning in helping others
- Their decisions gets affirmed
- They take up leadership roles.

They are coming from different backgrounds and all cannot be weighed equally. They need to be recognized as they are and to be guided.

CASES FOR CELL MEETING

1. Renu is a constant cause of nuisance in the class. He fights with other students, disturbs the class teacher and does not do the home-work.
2. Ramesh in class VII disturbs the class always and fails in two or three subjects. His parents' was a love marriage but it ended on the day they got married, because his father was a mamma's boy. His mother fed up with her husbands' behavior walked out of his house when Ramesh was just 2 year old.
3. Nirma lives with her grandmother. Her parents are working in Dubai. Nirma who is class VIII is not attentive in class and appeared rather disturbed. Her elder cousin Sukumar also stays at the same house and deals with her in an inappropriate way. Nirma is feeling that something is wrong in what they are doing.
4. Manoj appears well dressed always in the class. His friends want to befriend him, but his teachers speak ill of him for his fanciest clothes. When his class teacher visited him at home, he ran towards her, held her hands and cried his heart out. At home his father due to a stroke is paralyzed and bedridden for last 8 years and his mother has to crawl from one room to another like a disabled child.

FUND RAISING FOR SERVICE OF THE POOR

Fund raising for the formation activities and to help the needy is an important part of any movement. When we make efforts to be self reliant through fund raising:

- It gives us a sense of belongingness and it makes us own the movement
- It gives us a sense of responsibility and it gives us great satisfaction
- It enhances self-esteem and dignity and it promotes us to be self reliant
- It gives us a chance to make sacrifices and we contribute towards nation building
- It gives us opportunity towards effective teamwork and it breeds family spirit
- It helps us plan our personal expenditure and it drives away our selfishness
- It helps us habit of saving and it helps us to be more accountable
- It helps us organize programs of our choices and it teaches us to come out of struggles and crisis
- It teaches us creativity in raising funds and it helps us to be mature in our thinking and dealings
- It inspires other people, organizations and movements and it helps us adapt simple living

How to make the movement Self reliant –

- Through contribution of membership and secret collection during the cell meetings.
- Fund raising through various programs and getting sponsors for training programs
- Diocesan contribution to the Regional/ National movement
- Subscribe the Search and collect advertisements for the news letter
- Contribute your saving from skipping a meal and pocket money
- Bear one way T.A when you attend any program.

Ask yourself – Does your group need money, for what? Do the Diocesan, Regional and National structures need money, for what? Suppose people stop donations, what happens? Are you capable of thinking about finances and contribution? Can you speak to your parents, teachers and head of the institution to make this movement an integral part of the wholesome growth of individual personality? Can we be self reliant?

SPIRITUALITY OF THE MOVEMENT

Spirituality of Relationship:

God is actively present in every day event. His dynamic presence is actively creative. God and man are co-creators of a new world. Every human action becomes an invitation from God to create a new world. The spirituality of the movement is a call to Action. Action in YCS/YSM is not a mere activity or a technique of leadership, it is rather a conscious response to a living and loving God who challenges. It is a faith lived in practice. Spirituality is faith accompaniment.

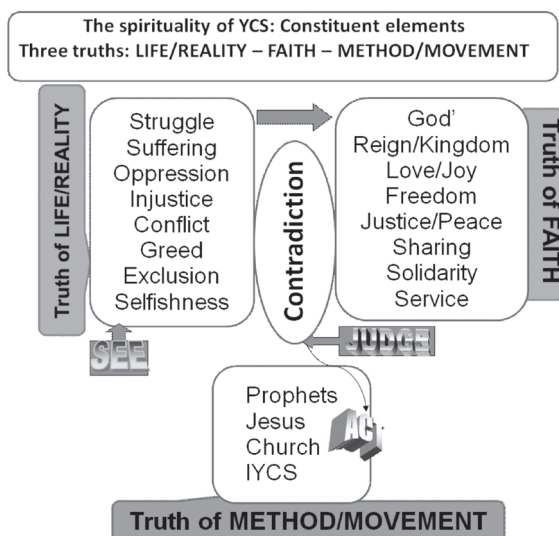

Cardijn Spirituality: 3 Truths.

1. Truth of Faith: God created us in His image and likeness. We should experience love, justice and peace. They are kingdom values.

2. Truth of Reality/Life: But the truth/fact/situation in life/reality is different. We experience hatred, injustice, suffering etc. Seeing the reality, we understand there is a big gap between the two different worlds - truth of faith and truth of reality. So, narrow down this gap. Still there is some hope.

(For YCS/YSM, the starting point is life experience. Life is a series of experiences. Help them to identify what is their life experience. How & where they meet God?)

3. Truth of Method: For this action, Jesus came and formed the movement. A group of people followed. YCS/YSM is part of this movement of Jesus. Truth of the Method is the truth of the movement (See-Judge-Act)

ACTIVITIES OF YCS/YSM

- 1. Beginners Camp** – Where all the beginners come together for a day to get basic knowledge of YCS/YSM.

16. YCS/YSM bulletin – Diocese and Region may publish a bulletin to disseminate the news and articles pertaining to student members quarterly or monthly. '*The Search*' is the national newsletter published bi-monthly.

17. Spiritual programmes – Half day recollection, pilgrimages, residential retreats, inters religious prayer services may be organized for the student members.

18. Fund raising – Membership fees, Donations, Raffles, Fancy fete, Door to door collection etc.

ANIMATION

There is no School of perfect formation for Animators or Chaplains. Animation is accompaniment with the members of the movement.

- Group dynamics is an important aspect for an Animator to make the movement vibrant.

Who is an Animator?

Animator is a friend and guide who accepts the persons as they are. Student members feel free to relate with him/her and correspond easily.

Animation means ACCOMPANYING, i.e. to follow closely the progress of the individual and the group. It means walking with them – not in front or behind, befriending them and be a faithful friend.

An Animator needs to be available at all time to the members. It is a full time service. Availability at the time of success and failure shall inspire the members. He/she makes appropriate suggestions at the right time and guides when required. He/she provides motivation and becomes a role model in showing solidarity with them in a ‘never give up’ attitude.

Animator accompanies them in their growth process and becomes authentic in relationship with them. He/she needs to be spiritual and a person of prayer having faith in God, people and things.

He/she is needs to know them and allows oneself to be known.

Qualities of an Animator: Person of experience, commitment, growth oriented, visionary, learner, action oriented, exemplary, person of deep faith in God and people, understanding, accepting, clarifying, listening.

Types of Animation:

1. Spiritual- a deep spiritual experience, a way to holiness, faith in the word of God and prayer into the life context, commitment

2. Growth- knowledge of the situations, experienced, open and able to adjust with situations, friendly, committed to the cause – oppressed/ neglected

Role of an Animator:

- 1. Accompanying** – community, humanity, relationship with God
 - 2. Search-** confidence, consults, clarifies, changes and communicates
 - 3. Impartial** – need of clear vision without being partial to persons.
- Models: Within (Emmaus) and Without (agony)

Sr. Jeanne Devos ICM: My Experiences with the students.

I saw hidden possibilities and creativity in young persons' like 16 year old Agnes going to Orissa to start new units of YCS/YSM. The depth of understanding the society, church, one-self, one's vocation surprised me. I discovered God is active in the reality. God experience awaits me in my collaboration in daily response in faith and integrated spirituality. The commitment of young gives them an integral formation and deep joy. I saw the integrated spirituality where we meet God in reality and respond consciously in the mysticism which fascinates the young people who are ready to suffer with people and in God for liberation. In growing fundamentalism and communalism young enrich us in growth and truth. Committed young people/students are for me an inspiration and sign of God, yet not tired of the world. Team work with local, diocesan, national, international level as well as with animators and fellow members made me strong in faith. My consciousness about women being oppressed in church and society made me work for them and made women animators to contribute for their liberation. The experiences of the Movement created in me certainty that any

group can grow in dignity, justice and empowerment. Hence, YCS is no longer something outside but integrated part of my life, faith experience.

TIPS TO YOUTH WORKERS (ANIMATORS)

1. **BE THERE:** Your presence matters more than you may realize. Youngsters want to see you among them. Your presence can prevent many mistakes which are fruits of thoughtlessness rather than malice.
2. **TAKE THE INITIATIVE:** Wish them, talk to them, smile at them. Don't wait for them to wish you and talk to you.
3. **TALK OF THINGS THEY ARE INTERESTED IN:** Their interests come first not yours, even if these interests seem strange to you.
4. **BE FAMILIAR, NOT ALOOF:** Familiarity breeds confidence, and there is no Education without confidence.
5. **DON'T IMITATE YOUTH:** Don't try to act like them in language, dress or behavior.
6. **BE REASONABLE:** Give reasons for your requests and decisions. Your aim is to develop convictions, not blind obedience.
7. **CONSULT THE YOUNG:** Give a hearing to their requests and suggestions.
8. **CORRECT, BUT DON'T HUMILIATE:** Correct them gently, yet firmly, when they do wrong. But don't humiliate them in public.
9. **DON'T BE CRUEL:** Never make fun of someone's physical defects, of background, of lack of talents.
10. **DON'T BEAT:** Avoid physical punishments.
11. **BE HONEST:** Admit your mistakes and accept suggestions and criticisms. Youngsters will esteem you if you do so.
12. **CULTIVATE VARIETY:** Don't repeat the same way of doing things, whether it is in prayer services or meetings or talks.
13. **HELP THEM TO REFLECT:** Don't simply tell them what to do. Ask them to have their views and suggestions.
14. **PRAISE THEM:** When they do something well, however small the achievement may appear to you.
15. **BE IMPARTIAL:** No favorites and no gifts to special friends, no attention to one or the other or to a few.
16. **SEE THE ADULT IN THE CHILD:** See what this youngster can become, with your help. He/she may look raw, immature, and hard to be understood. But we need to ask ourselves; what can he/she become? What is he/she capable of?
17. **BE PREPARED:** On the problems and questions that concern most youngsters.
18. **ENCOURAGE AND DEMAND:** Encourage them in what they can do well, point out what they are good at and demand that they

give of their best. If you don't help them to excel, you are helping to destroy them.

19. MAKE THEM RESPONSIBLE FOR THEIR FORMATION:

As they grow up, more and more initiative and decisions should be left to them.

20. GIVE THEM CHANCES TO SERVE: Young people are energetic and generous. They need chances to help, to serve, to sacrifice themselves for a cause.

All these tips can be summarized in one principle. The young need not only be loved, but they need to see that they are loved.

QUALITIES OF AN ANIMATOR

1. **Visionary** Has high ideals and hopes for his people. Believes that they are attainable.
2. **Committed** Strong commitment to people's cause. Ready to face the demands. Involvement.
3. **Human** Acknowledges limitations to oneself and to others and struggles to live his/her ideals and values.
4. **Self- worth** Believes in oneself and the people, that they are worthwhile and have something to offer.
5. **Analytical** Observant and takes notes of facts. Seeks to find deeper realities behind the subsidiary.
6. **Selfless** Able to rise above petty interest. In the group makes his/her own interest subsidiary.
7. **Co-operative** Lends a helping hand to people when they are in need. No unwanted services offered.
8. **Term Worker** Approachable. Reassures people. People feel at home with him/her. Respectful.
9. **Strongly Integrated in Community** Skilled in relationships. Knows the people closely.
10. **Natural Leader** Good communicator. Gets people involved in what he/she is saying. Encourages them to speak their mind, even differ. Involves members in all activities at all levels. Maintains enthusiasm, appreciates their efforts. Spontaneous.

- | | |
|--------------------------------------|---|
| 11. High Endurance | Not easily discouraged, does not compromise or give in easily. Keeps struggling. |
| 12. Self acknowledged deviant | Questions structures and system, not satisfied with traditional answers. Searches for viable alternatives. |
| 13. Creative | Resourceful and innovative does not let the discussion flag down, Finds new ideas for entertainment. |
| 14. Non- dogmatic | Resourceful and suggestive, but does not impose his/her own ideas and beliefs. Does not argue all the time about what his point is. Listens to what others have to say. |

ROLE OF

Parents: Parents need to accompany the teenagers in all aspects at this age. Promoting them to join the movement and knowing how the movement works will enable the parents to understand the teenagers better. Taking part in some of the movement activities along with their teenagers will help them bridge the age gap and it will enhance their relationship amicably. Teenagers need to be treated with respect and in a friend like relationship and be a part in the time of crisis to overcome the feelings of guilt, loneliness and lowliness. Parents are the best animators.

Principals: Head of the institution have the duty to organize teenage students in this kind of movements to give them a glimpse of social reality. Teenagers look for opportunities to serve and YCS/YSM will be the best means. Principals can solve a lot of tensions of teenage students through these groups and allow them for the holistic growth along with academic studies. These activities are more effective in their life than only academics. All animators are not principals but all Principals need to be animators.

Directors: You are called by God and given responsibility by the authorities to organize this movement. There can be no lethargy on your part. You need to do justice to that position. Do your duty well so that you will save a number of teenage students from their problems and iniquities and bear fruit which is good and lasting.

Volunteerism in YCS/YSM: Student members can do volunteerism in your own way to serve the movement and society. You can do full time volunteerism for one or two years which will give you a life changing experience besides vast exposure to India and the world. 'It is not you enter into the movement but the movement enters into you' which will continue to be with you till your last breath.

YCS/YSM INDIA ALUMNI ASSOCIATION

“Once a YCS/YSMer, always a YCS/YSMer”

Greetings to all the former members from YCS/YSM India!

Our Movement, from its existence has formed active and dynamic church leaders, motivators, peace makers, social workers, and liberators who are involved in the process of socio-economic-political-religious welfare of the people in bringing peace all over the country and beyond.

At this juncture, YCS YSM India feels happy and proud in informing you that an alumnus group has been instituted to connect all the ex- members of the movement to come under one head - YCS/YSM India!

It is very important in this modern era of technology to connect to all the members so that the concerted efforts will help us achieve our vision, aim and objectives much better and in turn will help the mother cell, the national movement to reach out to many to build a new society. It is a golden opportunity for all the former members to re live their past; guide, encourage, support and suggest ideas for the spread and growth of the movement.

Be a part of the family of YCS/YSM always to build a new society, Kingdom of God!

A membership form will be sent to you through mail. Help us by inviting all the former members in your circle.

Let YCS YSM Light Shine!
